

HOW TO: 12+ HOLIDAY STUFF!

PAPIER MACHE YOUR PET

Honour your best friend in the best way- memorialised in mache! Create a copy of your cat, a figure of your fish, decoupage your doggo or sculpt your pet snake (you Slytherin, you!).

*No animals were harmed during the making of this activity— just some serious animal appreciation.

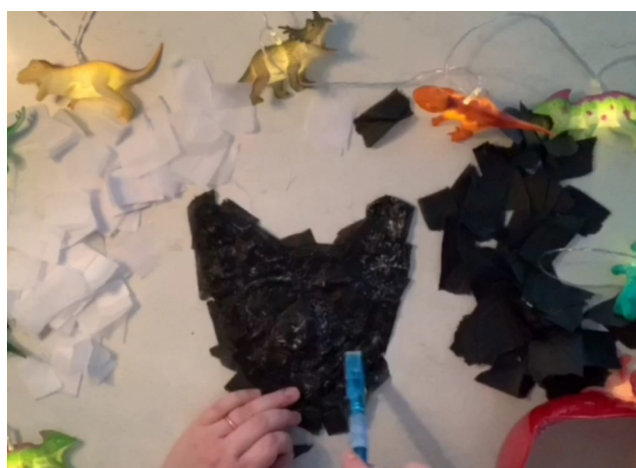

RESOURCES: Cardboard, pencil, scissors, paintbrush, papiér maché glue (mix of flour & water), scrap paper, foil, tissue paper in the colours of your pet.

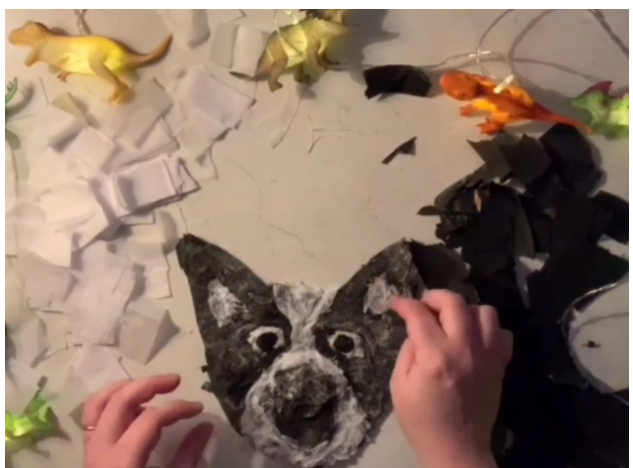

STEP 1: Draw the outline of your pet's head on a piece of cardboard. Roughly fill in where you want the eyes, nose and mouth to go.

STEP 2: Use scrap paper, newspaper and foil to build up your pet's features. Pay attention to areas like nose, eyes and mouth. Allow to dry.

STEP 3: Tear up tissue paper and glue a layer on top. Keep adding until you get the desired colour of your pet. Allow tissue to hang over the edges. Allow to dry.

STEP 4: Trim off edges and start to add another layer of tissue in colours that reflect the fur, feathers or scales of your pet. Add in features such as eyes and ears. Allow to dry.

STEP 5: On another piece of cardboard, write your pet's name and attach your finished papiér maché creation using tape. Hang on your wall with pride!
