

MAKE: TOTALLY TUBULAR TREES

HOLIDAY FUN FOR KIDS!

You can't have a jungle without trees! Go green with the steps below.

WHAT YOU NEED: Cardboard tubes, paper plates (you will need 1 plate for each tree), scissors, green paint (or textas, pencils, crayons), glue, scissors.

STEP 1: Paint plates green and then cut in half.

STEP 2: Cut a slit halfway down the top of one piece, and another at the bottom of the other.

STEP 3: Slide the halves together to form a cross shape.

STEP 4: Cut four evenly spaced slits into one end of a cardboard tube.

STEP 5: Slide the tree-top into the slits in the cardboard tube. Decorate tree with any bits and pieces you have at home.
